General Datatech Wins Cisco South Area Enterprise Partner of the Year at 2010 Cisco Partner Summit

Dallas, Texas – April 28th, 2010 – General Datatech (GDT) announced today that it is the recipient of a Cisco Partner Summit regional award for South Area Enterprise Partner of the Year. Cisco unveiled the winners April 28 at its annual channel partner conference in San Francisco.

"It is an honor to present GDT as a Cisco Partner Summit regional award winner," said Wendy Bahr, senior vice president, U.S. and Canada channels at Cisco. "The South Area Enterprise Partner of the Year recognizes GDT's performance and achievements as a Cisco channel partner in the South region in 2009."

JW Roberts, President and Owner, General Datatech, L.P., said: General Datatech is very honored to be named the South Area Enterprise Partner of the Year. Our commitment to technical excellence and customer satisfaction, combined with our Cisco partnership has been instrumental in ensuring that we consistently deliver world-class solutions and services when deploying Cisco Systems advanced technologies. The Cisco Systems advanced technologies portfolio has allowed General Datatech to provide end to end technical solutions to successfully meet our client's business requirements.

Cisco Partner Summit awards are presented at three levels: regional, theater and global. Cisco Partner Summit U.S. and Canada regional awards reflect a partner's performance in a given geographic region of the United States or Canada.

About General Datatech, L.P.

Founded in 1998, General Datatech (GDT) is an award-winning, Cisco Gold Value Added Reseller (VAR) providing core routing and switching, unified communications, security, wireless, datacenter and storage solutions to clients nationwide.

As the 2nd largest Cisco reseller in the Southern Area and one of the largest in the US & Canada, GDT has built a solid reputation as the “Go To” Partner for large, complex, and strategic technology engagements. Our experienced, Cisco Certified, engineering staff and our Professional Services team have the real world experience, certifications, and partnerships to deliver a “best-in-class” solution.
